## Divisional Events:

A divisional event is defined as a 20 plus boat field. When an angler competes in a qualified divisional event and is operating a 2002 or newer Evinrude DI or E-TEC Outboard engine and wins a divisional tournament, BRP will pay \$250 to the winning Evinrude angler. If a qualified Evinrude angler does not win the tournament the highest qualified placing Evinrude angler will be awarded \$100. If a non-qualified Evinrude angler wins the tournament, BRP will award a certificate valued at \$4.00 per HP towards the purchase of a new Evinrude E-TEC engine. Evinrude Outboard must be a minimum of 60HP to comply towards the contingency. BRP has the final say regarding contingency payout.

## Championship:

If the winning team at the championship is operating a 2002 or newer Evinrude DI or E-TEC Outboard, BRP will pay \$2,500 to the winning team. If the winning team is not operating a qualified Evinrude Outboard, \$2000 will be split 4-ways to the highest four qualifying Evinrude teams. Evinrude Outboard must be a minimum of 60 HP to comply towards the contingency. BRP has final say regarding contingency payout.

## Xtreme BRP Shepherd Program:

Competing teams must compete in eight (8) tournaments in any combination of multiple divisions. All qualifying teams will compete at the championship to determine the winner of the program.

The highest placing team, if BRP product owner, will receive:

- 2007 Xtreme Redfish entry fees (8 divisional events) plus an entry free championship
- BRP Parts and Accessory items

Non BRP product owner will receive:

- 2007 Xtreme Redfish entry fees (5 divisional events)
- Certificate valued at \$4.00 per HP towards the purchase of a new Evinrude E-TEC outboard.

Evinrude Outboard must be a minimum of 60 HP to comply towards the contingency. BRP has final say regarding contingency payout.
